

Dancing

Dancing is something that happens all around the world. Dancing is a sport that you might like. It requires grace & it does help you be more flexible. I know a lot about dancing because I was a dancer, I danced at turning point and I think you should get off the couch and go try dancing, or just put on some music and do your own thing!

Different Dances

There are lots of different dances all around the world, but there are still a lot of dances in Michigan. One of my favorite dances is ballet (bal-ey). Ballet is a graceful dance that has slow music and fast music. Ballet has special shoes to go with it that are ballet shoes they're made just for doing ballet because some of the ballet shoes have a flat toe part and others have round. The flat toe part ballet shoes are for going on your tippy-toes they're also made for professional people because professionals go on their tippy-toes but the other ballet shoes are for beginners or when you're 3 to about 12, but once you're over that age you'll have the flat tip ones.

Another dance that you may like is called tap dancing. Tap dancing has special shoes. Tap dance shoes are black and on the bottom of the shoe there's metal so that when you're on metal floor or wood floor it will make a crack sound like crack,crack,crack,crack but it would sound better. There's one more dance I want to tell you about which is called jazz dancing. Jazz dancing has special music that makes you really want to move your feet. Have you ever heard of jazz hands? Well you'll probably do that after you do your jazz routine.

Outfits

There are many different outfits for many different dances. Outfits make your dance rotten look awesome! Outfits show what tipe of dance your doing. A ballet outfit would probably have a sort of toto and the special shoes to go with it, but a dance like the tango there's two people doing it, a boy & a girl. The girl would have a sort of dress with high heal shoes, but the boy would have a nice shirt and some black pants. When your onstage you will have a outfit like once when I had a recital I wore a blue toto and a ballet shirt that kind of looks like a gymnastics outfit. Some outfits will have sparkles or some sort of sequence.

Dance is a sport that I think you should try, so get of that couch of your's and put on some music any kind of music and just dance your heart out. Or you should go to your mom and ask her to sign you up for dance.
